## 8<sup>th</sup> Annual Safe Patient Handling Conference

### Sponsored by NYS Zero Lift Task Force, NYSDOL and WNYCOSH

New Conference Format! The 2016 conference format will provide an interactive learning experience for all!! Each attendee will select a track which relates to their specific work situation. Learners are encouraged to bring issues they are facing with their SPH program. They will be able to assess and improve their facility's Safe Patient Handling program with the aid of the instructors and fellow attendees.

When: Wednesday September 21<sup>st</sup> - Thursday, September 22<sup>nd</sup>, 2016

Where: Adam's Mark Hotel and Event Center, 120 Church Street, Buffalo N.Y. 14202

Five Tracks are being offered. Seating in each track is limited to maximize learning potential. Tracks include:

- Acute Care
- Long Term care/Sub-Acute Rehab
- Residential and Community Settings for People with Developmental Disabilities
- Outpatient Treatment- Dialysis, Imaging, Medical Offices etc.
- WNYCOSH Modules

Each track will include lectures, workshops and hands on equipment. Learn how to use Patient Assessments, Equipment Assessments and Accident Investigations to improve your SPH Program while complying with NYS Safe Patient Handling legislation. Day 1 will conclude with a vendor reception where attendees can network with other healthcare workers while learning about the wide variety of SPH equipment options.

**Registration Closes September 9th**  
**Registration at the door - \$350**
